BAYLABEL

It is a company created out of love for design and animals, by design students from the Academy of Fine Arts in Krakow.

HOW IT BEGAN?

Every animal is unique and this uniqueness deserves to be stressed. In today's world, overwhelmed by mass production, people are persistently looking for solutions to make them stand out from the crowd, especially an individualist studying at the Academy of Fine Arts. Not being able to find anything that would meet my expectations, I started sewing accessories for my animals myself, which were getting better and better with time. When I became skilled in sewing, I started to put the accessories up for sale at charity bazaars to help my friendly Animal Arcadia Foundation. The accessories became very popular and a lot of orders came in, so we created a separate page for them, continuously supporting the animal foundations.

WHAT MAKES US STAND OUT?

QUALITY AND DURABILITY

Our accessories are made from the highest quality materials and components, so that your dog does not only look amazing but is also safe in them. In the production, we use polyester tapes, printed with our patterns, by sublimation method. While sewing we use upholstery threads, which guarantee safety.

DESIGN

Our designs are created by Polish artists and students from the Academy of Fine Arts. Additionally, all our accessories are made in Poland.

OUR TEAM AND SHIPMENT

Baylabel is not just products. It's an individual approach to the customer and a nice and professional, dog-friendly team. We work efficiently and effectively, so we send your orders in 1-3 working days.

WHY IT'S WORTH CHOOSING OUR ACCESSORIES?
